

HAHNE & CO.
120TH ANNIVERSARY
★ SALE ★

Hahne's opened for business in September of 1858 near the corner of Broad and Central in Newark. Our inventory consisted only of imported birds and bird cages. We soon added "dry and fancy goods" and became a full department store.

Visit our anniversary shops and capture a bit of nostalgia from our Victorian heritage. We have giant cookies made from an original recipe at the turn-of-the century price of 5¢. Then shop throughout the store where we believe you'll find some of the best values in our 120 years!
